

2018/2019 Duck Golf Guidelines

Basic guidelines for these events are as follows:

- TD must be certified/current with the PDGA and a current member of the BCDS.
- TD must be able to demonstrate a firm plan to manage the potential full capacity of the event.
- TD must have a firm plan on the venue and the venue's acknowledgment of the planned event: either a 18 or 36 hole format and facilities on site, such as washrooms and parking.
- TD must be able to accommodate 72 players or 144, no in-between (a maximum of 4 players per hole).
- TD must show a developed course of 18 or 36 holes; 20 hole layouts will not be considered.
- Duck golf events normally take place on the first weekend of the month, running October to April with the finals to be held in May. We ask all proposals to include the TD's top three date choices.
- Finals will be a 2 day event, so if you are looking to host the finals, please format your proposal to a 2 day event with 3 rounds and a closing ceremony.

Note: BCDS hold the AGM at the first Duck Golf of the season so please be aware whoever ends up with that date you will need to accommodate a 1.5 hour lunch.

Please send your proposals to tllynch@shaw.ca. BCDS thanks you all in advance for your support, and we look forward to working together to grow the sport and the series.

Current dead line is September 1st, so please let me know if you're interested and or pass this along to someone you know would like to host.

Many Thanks & Happy Hucking!

Tara
